

Swim with confidence at the Y. Here's what we're doing to make swim lessons safe for all:

- CDC guidance maintains that the new coronavirus cannot spread via properly chlorinated and maintained pool water. All of our pools meet or exceed CDC health standards.
- Participants should only register for one class this session.
- A parent/caregiver (age 18+) needs to be in the water with children unable to pass the deep water test.
- Instructors will teach mostly from the pool deck. When they are in the pool, they will wear face shields.
- All classes are limited in size and will be held in 1-2 lane space so that social distancing can be maintained.
- All participants will have a temperature check and verbal health questionnaire upon entry. Individuals with a temperature of 100.4 or higher will not be permitted in the building.
- Only one parent/caregiver is allowed in the building with each child.
- Very limited seating, spaced at least six feet apart, will be available on the pool deck.
- All participants will exit class via the emergency door in the pool area.
- Swimmers are encouraged to arrive wearing swimsuits and ready to swim so that they can avoid the locker room.
- Please arrive no more than five minutes before your scheduled class time to keep occupancy numbers within guidelines and walkways clear. Please exit the building as soon as possible following your child's lesson.
- Goggles will not be available; please bring your own if needed.
